CALL FOR PAPERS

Established in 2004, the ICDCIT conference series has become a platform for Computer Science researchers from India and all over the world to exchange research results and ideas on the foundations and applications of Distributed Computing and Internet Technologies. Such technologies enable individuals and organizations to jointly engage in the production, processing and dissemination of knowledge.

The 10th International Conference on Distributed Computing and Internet Technologies (ICDCIT – 2014) will take place in Bhubaneswar during 6th – 9th February 2014. It will be organized by KIIT University, Bhubaneswar, India. Like the last nine editions, the proceedings will be published by Springer in the series of Lecture Notes in Computer Science.

ICDCIT 2014 solicits original papers contributing to the foundations and applications of Distributed Computing and Internet Technology in the following broad areas:

Distributed Computing

Distributed Algorithms
Concurrency and Parallelism
Performance Analysis
Domain-Specific Architectures & Languages
